

★ ARE YOU INTERESTED IN PROVIDING ALTERNATIVE MOBILITY SOLUTIONS TO YOUR TENANTS, EMPLOYEES OR COMMUNITIES?

EQLEX

MOBILITY SOLUTIONS

THEN LOOK NO FURTHER!

WE HELP IMPLEMENT EBIKE LIBRARIES AND LEV FLEET PROGRAMS ACROSS THE COUNTRY.

Since **2017** we have been building high quality, custom light electric vehicles (LEVs) in Denver, CO.

WE WORK WITH

- DEVELOPERS
- DOT'S / TMA'S / TMO'S
- HOUSING AUTHORITIES
- MUNICIPALITIES
- NON PROFITS
- BUSINESSES & HOTELS
- LARGE CAMPUSES
- PARKING ENFORCEMENT & LAW

BENEFITS

Attract and Retain Tenants

Meet TDM and City Planning Requirements

Decrease Parking & Reduce Development Costs

Promote Sustainability and Enhance Equity

Improve Air Quality and reduce CO2

Eliminate Congestion and Traffic Gridlock

- We are experts in our industry** and provide consultative services to help determine the best solution to meet our clients needs
- Our products are reliable, high quality, customizable and built to last**
- Full Scale Turn Key Solutions** including aftercare support and maintenance.
- We offer end to end project implementation** from design to deployment

WE'LL KEEP YOUR ASSETS SAFE THROUGH SECURE LOCKING STATIONS AND FLEET MANAGEMENT TOOLS.

"We selected 3 ebike providers before narrowing it down to the final 2 companies who were built in the USA. However after a year of use, we only decided to continue working with FattE-Bikes (EQLX)."

John Jones, Eastside Riders Bike Club/LACI.
